11.15 Tea/coffee

11.30 Imaging of Mesothelioma

James Entwisle MRCP FRCR

Consultant Radiologist, University of Leicester Hospitals

11.55 Controversies in the Pathological Diagnosis of Mesothelioma

Michael T. Sheaff FRCPath

Consultant Histopathologist, Bart's Mesothelioma Research, Bart's and The London NHS Trust

12.15 Research by Bart's Mesothelioma Research group

Astero Klabatsa MSc

Research Fellow, Bart's Mesothelioma Research

12.30 Discussion

Programme

12.45 Lunch

13.45 Introduction

Jeremy P.C. Steele MD MRCP
Co-Director, Barts Mesothelioma Research

Jeremy is Co-Director of Bart's Mesothelioma Research. He is a Consultant in Medical Oncology at St Bartholomew's Hospital, the Royal London Hospital and the London Chest Hospital. He qualified in medicine at St George's Hospital, London in 1989. After training in general medicine and intensive care, he moved to the Royal Marsden Hospital where he treated his first mesothelioma patient.

At the Institute of Cancer Research he undertook doctoral research into paediatric leukaemia and brain tumours. Jeremy moved to Bart's in 1997 where he has worked closely with Robin Rudd ever since and in 2000 he was awarded the Royal Society of Medicine Sylvia Lawler Prize. Jeremy is a member of the Board of Directors of the International Mesothelioma Interest Group and numerous other mesothelioma clinical and research groups in the UK and abroad. Jeremy is chairman of *Mesothelioma UK*.

14.00 Chemotherapy: Where are we now and what next?

Recent phase 3 results with new generation antifolates combined with cisplatin have resulted in a so-called standard chemotherapy regimen. However, several questions with regard to this standard remain open and will be discussed during this presentation.

Prof Jan van Meerbeeck MD PhD

Head of Thoracic Oncology, Department of Respiratory Diseases, University Hospital and University of Ghent, Belgium

14.35 Surgical Techniques in Mesothelioma

Loic Lang-Lazdunski MD PhD FRCS

Consultant Thoracic Surgeon, Guy's Hospital, London

15.00 Discussion

15.15 Tea/coffee
